Students and staff from the dental assisting and medical assisting programs at Porter and Chester Institute's Enfield campus recently teamed up to raise money for Operation Smile, an international medical charity that performs safe, effective cleft lip and cleft palate surgeries for children.

Through a bake sale from the dental assisting students and breakfast buffet hosted by the medical assisting students, a total of \$560 was collected, which is enough to pay for two cleft lip or cleft palate surgeries for children in need, according to Operation Smile.
